

MUHAMMED REBIN NAJEEB

QA Automation Engineer | AI / GenAI Developer

Kerala, India • +91-9400591956 • [Email](#) • [LinkedIn](#) • [GitHub](#)

PROFESSIONAL SUMMARY

QA Automation Engineer at Cognizant delivering end-to-end Playwright + Pytest automation for enterprise client Electrolux. Anthropic Claude Certified Architect with proven ability to design and ship production AI / GenAI applications using LLMs, RAG, multi-agent systems, and the Model Context Protocol (MCP) — bridging deep QA expertise with AI engineering.

TECHNICAL SKILLS

AI / GenAI: LLMs (OpenAI, Anthropic Claude, Google GenAI, Groq, Ollama), LangChain, LlamaIndex, RAG, LLM Evaluation (DeepEval), Vector DBs (ChromaDB, Pinecone), Prompt Engineering, Streamlit, FastAPI

AI Agents & Protocols: Pydantic AI, CrewAI, Multi-Agent Systems, Model Context Protocol (MCP), n8n, Agentic Workflows

QA Automation: Playwright, Pytest, Selenium, TestNG, Cucumber, Postman, REST API Testing, Maven, Page Object Model, BrowserStack

Programming: Python, Java, SQL, JavaScript, HTML, CSS

Cloud & DevOps: Docker, Render, AWS EC2 (LLM Deployment), GitHub Actions (CI/CD), Git, GitHub, FastAPI, VS Code, Eclipse

Tools & Methodologies: JIRA, Agile, Scrum, SDLC, STLC, Manual Testing, Test Case Design, BDD

PROFESSIONAL EXPERIENCE

Quality Assurance Engineer — Cognizant Technology Solutions

Nov 2025 – Present

- Automating E2E test suites for Electrolux (Playwright + Pytest), cross-browser via BrowserStack in GitHub Actions CI.
- Authored 150+ test cases and test data sets for B2B web apps; managed defects and sprint tasks in JIRA across Agile sprints.
- Built a Claude-powered QA Test Assistant that auto-generates test cases and automation code from acceptance criteria.

QA Automation Intern (with AI) — Cognizant Technology Solutions

May 2025 – Aug 2025

- Trained on Selenium, TestNG, Cucumber BDD, Postman, REST API testing, Maven; additional track on GenAI in QA workflows.
- Built an e-commerce automation suite using Selenium + TestNG + Cucumber with data-driven tests, reporting, and Git workflows.

Frontend Developer Intern — IBM

Jun 2024 – Aug 2024

- Built responsive UI components using HTML, CSS, JavaScript, Bootstrap, and SQL; worked on accessibility and cross-browser fixes.
- Alongside, delivered freelance websites for individual clients — managing requirements, design, development, and deployment.

FEATURED PROJECTS

AI Mock Interview Coach — Full-Stack | FastAPI, Streamlit, Anthropic Claude, Docker, Render • [interview-bot-ai.streamlit.app](#)

- Full-stack AI interview simulator — Streamlit frontend + FastAPI backend calling the Claude API; containerized with Docker, deployed on Render + Streamlit Cloud.
- Parses PDF resumes and runs adaptive multi-phase interviews (intro → technical → HR), generating a structured scorecard report.

AI-Powered QA Test Assistant | Streamlit, Anthropic Claude API, Python, Vision • [rebinchatbot.streamlit.app](#)

- Generates Selenium Java, Cucumber BDD, and Excel/CSV test cases from acceptance criteria or UI screenshots.
- Supports vision input (screenshot-to-test) and live model switching across Claude Haiku, Sonnet, and Opus.

Multi-Agent AI System for Stock Analysis & Trading | CrewAI, Python, LLMs

- Multi-agent system (CrewAI) with researcher, analyst, and advisor agents collaborating autonomously.
- Evaluates market trends and produces structured, explainable trading recommendations.

Resume RAG Chatbot + LLM Evaluation | LangChain, Pinecone, Anthropic Claude, DeepEval • [ragbot-eval.streamlit.app](#)

- RAG chatbot answering questions about my resume via LangChain + Pinecone vector search and Claude, with prompt guardrails that refuse off-topic queries.
- Built a DeepEval (G-Eval) LLM-as-a-judge suite that scores answer correctness against a golden dataset to measure RAG quality.

Weather MCP Server + Pydantic AI Agent | MCP, Pydantic AI, Groq Llama-3.3, FastAPI

- Built a Model Context Protocol (MCP) server connecting Claude Desktop to the OpenWeatherMap API.
- Added a Pydantic AI agent that queries it in natural language using Groq-hosted Llama 3.3.

CERTIFICATIONS

- Anthropic Claude Certified Architect (2026)
- Data Structures & Algorithms — NPTEL
- Python Programming — Coursera | SQL — Coursera

EDUCATION

B.Tech, Electrical & Electronics Engineering

2021 – 2025 | CGPA: 7.6

Govt. Rajiv Gandhi Institute of Technology, Kottayam
